

Pass With Flying Colors (PWFC) prepares Chicago's underserved high school students to be successful in high school, in college, and in life. PWFC provides academic enrichment, mentoring, and individualized support to ensure that PWFC scholars are equipped with the necessary skills and habits to be the first in their families to graduate from college.

75% of PWFC juniors and seniors will enroll in at least one honors or AP level course in 2016-2017.

100% of PWFC 2016 graduates will enroll in college in the Fall of 2016.

86% of the first PWFC college cohort met or exceeded the national GPA benchmark for college success.

50% increase in the number of PWFC students served with the recruitment of the largest ever freshman cohort.

“When I started high school, I thought I had to do everything on my own. I appreciate all the support I receive from PWFC to improve my GPA and I am truly grateful for ACT prep.” - *Francisco E., 2017 Cohort*
